G. P. DENISON, F. C. SMITH,
Supt. G. P. & T. A.

For coughs and colds.
"A friend in need is a friend indeed." Ayer's Cherry Pectoral is just such a friend. Never be without it. It will prove a good friend when you have a fresh cold, bringing immediate relief. You will find it equally true in old colds, bronchitis, whooping-cough, asthma.
If you will use

Ayer's Cherry Pectoral

for an irritable throat or weak lungs, you will find it "the best friend in the world." It acts as a strong tonic, clearing up the throat, giving tone to the relaxed tissues, and greatly strengthening the lungs.

There are many substitutes and imitations. Beware of them and of so-called "Genuine Cherry Pectoral." Be sure you get AYER'S Cherry Pectoral.

Put up in large and small bottles.

OPEN ALL NIGHT

NO TIME TO LOSE.

He was poor but enterprising and she was rich and homely.
"Will you marry me?" he asked abruptly.
"Why, this is so sudden," she exclaimed. "Give me a little time to—"
"Can't do it," he interrupted. "I need the money."
And so they were married and lived more or less happily ever after.—Chicago News.

THE BOARD OF SUPERVISORS

Three hours were taken last night by the board of supervisors to transact its routine business. The cause for such a prolonged session of the board was the reading of every petition and communication and also several discussions which had no particular bearing upon anything that was up for consideration.

All of the supervisors were present, with the exception of Chairman George W. Smith who is absent on the mainland. In the absence of the Chairman vice chairman Adams presided. After the minutes of the former meeting had been read and approved the pay rolls for the month of January were taken up and passed. The road department, garbage department and several other items had been passed at the previous meeting. The appropriations made last night for the payment of various claims for January were as follows: Fixed salaries \$1670; County clerk \$235; county auditor \$120; county attorney \$525; poundmaster \$90; county treasurer \$120; house numbering \$200; keeper of parks \$200; Kalaupoko road district \$1062; road department \$2,043.50; garbage department \$290; fire department \$3678; Kapiolani Park \$364.25; electric light department \$706; police and fire alarm system \$100; Hawaiian band \$1550; police department \$7,331.82; Waikeolu road district \$1375; Koolauloa road district \$820; total \$22,352.57.

Chairman Moore for the committee on public lights and improvements made a report telling of the disposition of the 35 arc lights which the county proposes to install. They were distributed as follows:

4th DISTRICT.

Punchbowl and Hotel streets, and move light from front of Drill shed to Hotel and Miller streets.
Quarry and Alapai streets.
Hackfeld and Spencer streets.
At 927 Prospect street.
Head of Prospect street.
Keeaumoku and Wilder.
Domini and Keesumoku streets.
Anapuni and Hastings.
Wilder avenue and Metcalf street.
Elsie avenue and Young street.
Artesian and Young streets.
Kalia Road, makai of bridge.
Ward and Queen streets.
Coral Dumps.
Richards and Queen.
Young street between Piko and Keesumoku.

Kinau street between Victoria and Keesumoku.
Move light in rear naval station place by church going to Honolulu Iron Works and place new light corner Halekaula and Punchbowl.

5th DISTRICT.

Iwilei Road, Waikiki side between Prison and Oil tanks.
Maunakea and Pauahi streets.
School street, Waikiki of bridge.
Liliha between Judd and Wyllie.
Vineyard street between River and Liliha.

Dwight Lane 1 25 candle power lamp, lane Waikiki side Palama stream 4 25 candle power lamps.

Gulick avenue and King street.
Opposite Mrs. Lloyds on King street.
Kamehameha IV Road and King street.

King street opposite road leading to Tannery.
Kamehameha IV Road mauka corner church.

Kamehameha IV Road and Portuguese church.
Kamehameha IV Road and Rose Street.

Middle and Rose streets.
Top of Middle street.
Kamehameha IV Road 600 feet mauka of Rose street.

Moore also stated that the committee asked for authority to purchase the transformer as recommended in the report of the superintendent of electric lights. Moore explained that the desire of the committee was to increase the lights of the city without incurring any increased expense. He explained that by means of the transformer additional lights could be installed and a saving of money made each month. The report was adopted.

Adams reported that the Japanese had given up the idea of contributing to the erection of a band stand at Ala park and that specifications would now be prepared and bids advertised for, so that the work could proceed.

On motion of Moore, seconded by Lucas Guy H. Gere was appointed engineer for the county at a salary of \$225 a month.

The reports of the county auditor and treasurer were read covering the period of six months ending December 31, 1905. There was a discrepancy in the amount of money on hand the auditor's report called for \$117,549.45 while the county treasurer had on hand \$117,593.15.

It was explained that this difference was due to the fact that several warrants had not been cashed. Adams called attention to the fact that the special warrant for \$200 incidentals made out to the county attorney was one of these and suggested that this warrant be rescinded and cancelled, which was done. The idea in taking this action was simply to get the two accounts balanced.

A communication from Treasurer Trent relative to his demand upon Territorial Auditor Fisher for half of the delinquent taxes collected and which would amount to \$17,639.38, was read. Trent also enclosed the correspondence between himself and Fisher relative to this matter. Fisher had declined to produce the cash. The sentiment of the board was that the county ought to get the money. County Attorney Doubtless was asked regarding the matter. He explained that he and Trent agreed entirely in the matter and it had been upon his advice that Trent had made the demand upon the territorial auditor for half of the delinquent taxes collected in the county of Oahu. Moore made a motion in which the treasurer was notified that the board heartily approved of his course in the matter and directing that he institute action to secure the money.

A communication from Sheriff Brown asking that two more foot police be added to each of the three watches in Honolulu making six new officers, their salaries to be \$70 a month was read. He explained that the release of negroes and other criminals from prison, the arrival of destitute characters here from transports and the frequency of strikes on plantations made it necessary that there should be an increase. Brown said that a force of well drilled men under arms, had a very deterrent effect upon strikers from committing acts of violence. The communication was referred to the police committee. Paele said he wanted two officers appointed for the Koolau side and then Archer butted in with a request for another officer for the Ewa district. Moore said that he thought the sheriff should be consulted in regard to any new appointments on the force, so both of these requests were referred to the police committee.

President L. E. Pinkham of the Board of Health sent in a communication relative to plans and so forth for the new Chinese wash house. Pinkham's communication stated that the Imperial Chinese consul and members of the washing fraternity of Chinese, had requested that they be allowed to be present at a discussion when the matter came up. The board did not seem to consider that it had anything to do with the wash house. The communication was referred to the committee on sanitation and health.

Superintendent of Public Works Holloway communicated with the board relative to a request made by F. M. Bechtel of the immigration station, who had asked that pools of water on Channel street be filled up. It was stated that this work had already been done. Chief of the Fire Department Thurston submitted his estimate for February aggregating \$3,675. W. W. Boyd tendered his resignation as a member of the fire department. Both communications were referred to the fire committee. Dan R. Vida made application for appointment as inspector on the contract for improving the Pali road.

A long and characteristic communication from W. C. Roe relative to the improvement of the Waikiki road was read and referred to the committee on roads, bridges and parks, as all three topics were discussed in the letter.

A communication from Delegate Kuhio relative to having received copies of the resolutions passed by the board favoring the 75 per cent rebate measure in Congress, another from R. W. Shingle for the Waterhouse Trust Company stating that the bond of \$10,000 of Road Supervisor Johnson had been prepared; another from President Griffiths President of the Alexander street improvement club asking for lights to be placed at several points in that section another from J. P. Morgan chairman of the Chamber of Commerce committee on harbor, shipping and transportation asking for six arc lights to be placed in the Ewa end of the harbor to aid the fire department and to be a safeguard for life, were read and referred to the various committees. A communication from Judge P. L. Weaver of the Land Registration court relative to proceedings to secure title to some land in which the county may be interested, was read and referred to the county attorney.

Amelia M. L. Smith apprised the board in a communication that some
